Avoid getting your eyelashes wet for the first 24 hours to allow the glue to bond.

It is imperative to maintain a clean lash line, gently cleanse your lashes at least 3 to 4 times a week with an oil free cleanser, this will not only remove makeup but oil and sebum.

Avoid the shower stream plummeting on your eyelashes, by webbing your hands over your eyes when rinsing.

Never use oil based cleansers or eye makeup removers as these will weaken the bonding agent.

Never wear waterproof mascara. A waterbased mascara can be used if desired after 24 hours. Ask at Beach Brown Beauty for lash products to care for your lashes such as Max 2 Long-Life Coating Sealant, Max 2 Volume Up Mascara and oil free Eye Makeup Remover.

Avoid rubbing your eyes or pulling out lashes.

Be careful when dressing and removing clothes.

Brush through your lashes gently with a mascara spoolie whilst wet to untangle, separate and set them in place at least once a day.

Don't perm or tint lashes after extensions have been applied.

Don't use a mechanical curler, a heated one is fine.

Schedule a refill procedure within 3 to 4 weeks.

Contact Beach Brown Beauty IMMEDIATELY if you experience any discomfort caused by your lash extensions.
